

Memorandum of Understanding

of

German University in Cairo

and

the Baden-Württemberg Chamber of Engineers in Germany

Introduction

The German University in Cairo (GUC) and the Baden-Württemberg Chamber of Engineers in Germany (INGBW) seek to establish a partnership in order to develop educational and professional interchange.

Paragraph I

The GUC and the INGBW together promote the high standard of education at the GUC in Baden-Württemberg for a better knowledge of the qualifications of GUC graduates among German employees.

Paragraph II

The GUC and INGBW cooperate in the placement of graduates of the GUC in Baden-Württemberg in view of the current shortage of specialists in this area. The INGBW provides information about

employment opportunities in Baden-Württemberg. The GUC verifies the equivalence of qualifications of the applicants, especially of the German language.

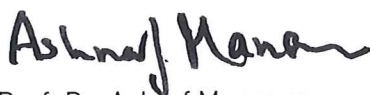

Paragraph III

The INGBW of Engineers supports graduates of the GUC who start their working life in Baden-Württemberg in professional questions and administrative matters.

Paragraph IV

The INGBW cooperates with the GUC to establish practice-orientated training courses for engineering students at the GUC location in Ulm. According to the needs of the GUC, lectures and presentations of experts and companies will be organized.

Stuttgart, October 2014

Prof. Dr. Ashraf Mansour
Prime Founder & Chairman, Board of Trustees
German University in Cairo

Dipl.-Ing. Rainer Wulle
President
Baden-Württemberg Chamber of Engineers
